BASE FLAVOURS

We have listed our core flavours, however are able to customise a menu for you!

1. Picnics in Melbourne

The sweetly floral scent of Japanese honeysuckle balanced with notes of cedar wood and pine will welcome you out of winter hibernation into spring. A truly mesmerising scent that will bring a sense of tranquillity to your room. This is inspired by the memories of basking in the sun and flora in Spring, whilst snacking on our favourite Milk picnic spread.

2. Champagne Pop: Experience the pure luxury of fresh lychee and a sparkling, fizzy note inspired by our lychee and strawberry cake, which pairs perfectly with a glass of champagne.

3. Wake Mii Up: Inspired by our very own Milk cafe, with the heady scent of our lusciously dark caramel brewing out from the kitchen, combining with the smell of freshly roasted coffee. Invigorate your day with the aroma of pure artisan coffee and sweet caramel delights.

4. You're so Grape: Sometimes all you need when you're feeling down, is some love and appreciation from our You're so Grape candle. This candle is inspired by our signature grape and jasmine tea, a delicate and floral aroma that is the perfect token of appreciation for someone you love 💜
